## About

Amsterdam-based Brand Consultant Footwear, Handbags Design & Sustainability. I help companies with Design, Product Development, research, strategy and materials innovation - focused on sustainability.

My main focus is to understand and analyse what's surrounding me and help brands to navigate through that, providing better solutions, wider angles and building bridges, connecting elements.

As a curious person, I aim to make clear and understandable new behaviours and dynamics that will improve businesses and reduce waste in general.

Main Skills:

- Footwear & Handbags Technician
- Footwear & Handbags Designer
- Materials & Colours Expert
- Market & Competitor Analysis
- Trends Reports & Analysis
- Trims Developer

With my knowledge in Fashion working with different markets through the years, I'm very aware of what's coming next and I can help your business to Innovate and grow.
