About

Currently I am a sixth-form student with aspirations to go into journalism in the future with this i'm very enthusiastic and love talking to new people every day and I love using my creativity during my work life. I managed to get 6 months experience at a fast past Michelin star restaurant as a commis/waitress which was a very pleasant experience for me, I also do babysit on the side for families which has taught me a lot of patience and made me develop my problem-solving skills.
