English (Fluent)

Korean (Native)

## About

Recent footwear design graduate with excellent 3D rendering and CAD skills developed during a year-long industry placement of assisting in ladies' footwear and accessories brand. I find the process of transforming the 2D drawing into a 3D shoe truly satisfying, and I try to push myself further for new challenges. I aim to be experimental on how I approach the design brief and fit the customers' needs. I wish to acquire more knowledge about this footwear industry and will continue aiming for the highest standards.

### BRANDS WORKED WITH

de Montfort University

Dmu Engage Student Leaders

Jimmy Choo

Nine West/vince Camuto

## Experience

### ● CAD Design Intern, Shoes

Jimmy Choo | Nov 2022 - Now

Assist the Design team in preparing and colouring-up sketches from the designers.

#### Key Responsibilities and Duties

- Finishing/Technique Development
- Preparing masked templates of (provided) sketches in Photoshop
- Creating CADs in multiple materials and colourways (resulting in around 350-400 coloured-up sketches)
- Export, Label and Organise CADs by shoe family
- Work on other ad-hoc projects when required

### ● Race Equality Advisor

Dmu Engage Student Leaders | Feb 2022 - Jul 2022

#### Key Responsibilities

- Research and report issues about Race Equality within the Faculty
- Participated in meetings and report or sit on committees
- Proofread surveys and give feedback before it goes to students

### ● Women's Footwear, Design & Production Assistant

Nine West/vince Camuto | Jun 2020 - Jul 2021

#### Key Responsibilities

- Handled with the Chinese factory (checked the production progress and request samples)
- Used Microsoft Excel to create product spec sheet
- Assisted in checking the fitting of the product
- Market/Trend research
- Used Photoshop/Illustration to simulate product colourway and create various drawings
- Organised samples and take pictures

#### Additional Responsibilities

- Contact U.S. Headquarters(ABG) and request for design confirmation
- Prepared and assisted for Home-shopping broadcasts

### ● FOOTWEAR DESIGN BRAND AMBASSADOR

de Montfort University | Sep 2019 - May 2020

#### Key Responsibilities

- Used Microsoft Excel to record arranged interviews via telephone.
- Provided interview day support to the interviewers and interviewees.
- Provided Open Day support by greeting prospective students, visitor and promoting the course.
