## About

I'm a person with strong creativity, curiosity, and intuition: these personal characteristics combined with skills achieved by experience in the fashion industry and my educational path, support me in continuing my career as a Fashion Designer. I am very passionate towards my work which includes designing, pattern making, sewing, fashion illustrations, creating prints, draping, design development 2d-3d, and moodboarding. I am an extremely fast learner and have an immense willingness to learn and improve my skills. I have an eye for aesthetics and an incredible attention to detail. I graduated with a
