About

Fashion & Accessory Designer, born 28 years ago in Milan, great Bauhaus fan.

Research, exploration and knowledge are the key words behind each of my projects.

My purpose, when I start to give shape to ideas, is to enhance the essential: paying attention to details, with the aim of making the project effective and functional in its totality.

Since I was a child, I feel a strong need to be curious: what's around that corner?

BRANDS WORKED WITH

Buccellati

D1 Milano

Gilt Magazine

Half / Mango

Vacheron Constantin
