About

I'm the owner of EB Atelier, where we provide a creative and digital pattern-making service.

I was responsible for running the VIP studio for Tom Ford and have supported VIP projects at Gucci and Oscar de la Renta.

These experiences in the industry have taught me the value of exceptional customer service and the importance of having a comprehensive approach to each project. As a designer, pattern maker, and dressmaker, I know how important it is to maintain integration between all stages of the creative process, whether in a collection or an individual project, especially in these times where sustainable cooperation is the key to success.

I am an expert in using OPTITEX 2D & 3D and STYLE 3D software; I make sure each design can be tailored even more accurately to customers' individual needs. In addition, I'm a staunch supporter of integrated 2D and 3D solutions as a must-have to meet the challenges of today's garment industry reality.

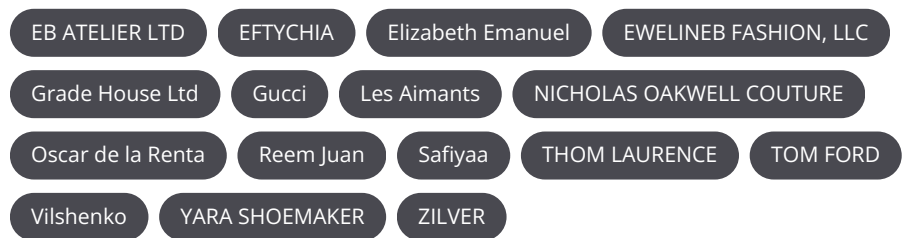

Throughout my 18 years of experience in the Fashion Industry, I have lived and worked in five different countries and worked with great designers, such as Tom Ford, Gucci, Oscar de la Renta, Ralph & Russo, and Elizabeth Emanuel; the best stylists, such as Kate Young, Petra Flannery, Aldene Johnson, Ariana Weisner, and Abi Katz; as well as the best technicians and couturiers.

What I offer:

- pattern making; creative and CAD; 2D and 3D
- 3D design
- dressmaking; high-end couture knowledge
- fittings with Clients
- tailoring
- meeting with the designer to discuss the details of the project
- design
- consultations

If you ever need any help, please do not hesitate to contact me.
