Experience

● Sale assistant

JD Sports | May 2022 - Aug 2023

I worked at JD during summer time in Lisbon, Portugal in one the biggest shopping centres called Colombo.

JD helped develop retail experience whenever there is a highly number of customers and so I learned to work in a manner which helps the team maintain the customers happy and satisfied.

It also helped me understand different types of customers and how to co-operate with them in stressful situations. This helped me have more experience in knowing how to serve people in different ways.

- Help with stock deliveries
