## Experience

### ● Vehicle Service Attendant

M.O.T Prestige | Nov 2019 - Dec 2019

During my time I was able to experience what it takes to be a part of M.O.T. It carries out mandatory annual tests on cars over three years old to check for various issues such as brakes, lights, emissions, and general road worthiness. The aim of the M.O.T test is to ensure that cars are safe to drive and do not pose a risk to their drivers, passengers, and other road users. Passing the M.O.T test is a legal requirement for all cars over three years old, and failure to do so can result in fines, points on your driving license, and even the impounding of your vehicle. I was able to develop communication skills with customers, develop my teamwork skills.
