## Experience

---

### ● Capital Intern

Ricoh Europe | Jul 2022 - Jul 2023

Making bots and automating manual processes so that it can be carried out to the highest amount of precision and accuracy at a very quick rate, whilst employees can focus and spend more time on more important matters.

- Analysing and automating processes across a range of areas (finance, service advantage, Legal, HR and more) within the business
- Working with senior stakeholders (up to VP level) to gather and present data
- Assisting departmental reporting
- Supporting projects globally across various operating committees (active in multiple continents)
- Conducting market research
- General ad-hoc project and professional support
