Experience

- Cafe assistant**

Copper Kettle Cafe | Jan 2023 - Aug 2023

customers orders and preparing and serving menu items according to their preferences. this job involved constant cleaning and ensuring the cafe was clean and sanitized at the end of every shift. This job improved my management and time keeping skills, being able to deal with the shop when low in staff . It improved my ability to multitask when the shop would be extremely busy. I also have experience in event planning/organizing and catering for many weddings and parties I currently offer a part time tutoring service for GCSE Mathematics , Biology, Chemistry and Physics which I like to do in my free time. I am very passionate about the things I do and would love to get a degree apprenticeship in Investment Banking in the end
