## Experience

### ● Sales associate

Victoria's Secret | Jun 2023 - Now

I have worked at Victoria Secret for 6 months coming up to 7. I have always been interested in working in retail. I love Harrods and it is my favourite department store and I also go to fashion retail academy and have specifically done research on Alexander McQueen as part of my course, this would be a great opportunity for me to share my knowledge and be at an environment I'm familiar with whilst working in Harrods, I love to connect with customers to benefit sales but also feel as this job would resonate with my college course. I am really young and unfortunately my store at where I work is getting shut down next month, I desperately need a new retail job and would be delighted if I had this opportunity.  
Kind Regards, Victoria.
