About

I am adaptable with strong communication skills developed through tutoring. I bring patience, understanding, and relationship-building capabilities to dynamic retail environments, ensuring excellent customer service.

Experience

- **Tutoring**

| Nov 2022 - Now

I currently tutor people for the 11+ and general Maths and English. Tutoring has allowed me to improve my communication skills as I've had to learn to adapt the way I explain methods in a way that each individual student would understand. It has also taught me to be patient and understanding.
