About

I am a patient and hardworking individual who is very ambitious when it comes to earning work experience in diferent fields. I have always enjoyed trying new things and working with others which is why I believe I am suitable for this role. I am used to working in fast paced environments and keeping calm in stressful situations as well as efficiently completing tasks that have been assigned to me. I am currently a student in Watford Grammar School for Girls, in year 13. I believe that the skills I can get from this work experience would be very advantageous and helpful in other fields as well as other aspects in my day-to-day life. My experience as a retail assistant in Warner Bros Harry Poter Tour, has provided me with the skills to keep calm in a high paced environment and work well in a team with other people. It's also helped me gain confidence when interacting with customers and making sure I am delivering good customer service by fulfilling their request to the best of my abilities. My experience as a waitress in four seasons hotel and Adolphus group has helped me in improve my communication and multitasking skills, providing great hospitality to customers and meeting the company's work standards, which I feel also give me useful skills for this role. I think I would make a great addition to the team and I thank you for your consideration. I look forward to hearing from you.
