About

A dynamic business management graduate from Ulster University, adept in business analytics and operations administration. Demonstrated track record of optimizing company sales and profitability through agile strategies. Proficient in CRM and stakeholder management, honed through hands-on experience in various roles. With a proactive approach to learning about business operations administration and development, I possess a keen eye for identifying growth opportunities. Driven by a relentless pursuit of excellence, I am poised to embark on a journey of professional growth and personal development, fuelled by a clear vision and ambitious career goals.
