About

As a Fashion Designer with experience in both womenswear and menswear, I have developed a range of skills that are highly sought after in the fashion industry. During my internship at Louis Vuitton as a design assistant, as well as my time managing fashion and design lines at Lee Cooper and Lumberjack, and previously throughout my time as Assistant to the Head of Development at Hed Mayner, I have honed my skills in creative design and technical package creation, illustration, global manufacturers management, purchase order management, and project management while staying up to date with industry trends.

I possess a range of technical skills, including proficiency in Adobe Creative Suite and Microsoft Office, pattern making, fabric sourcing, production coordination, and trend analysis. Also, I have a collaborative and creative approach to work, with excellent attention to detail and time management skills.

BRANDS WORKED WITH

Experience

Womenswear Designer

Lee Cooper | Feb 2022 - Now

My position includes developing and managing the Ladies fashion and design line/department, creating detailed technical packages and illustrations, having liaison with vendors, local and global, and purchase order management.

Menswear Designer

Lumberjack | Feb 2022 - Now

My position includes developing and managing the Menswear fashion and design line/ department, creating detailed technical packages and illustrations, having liaison with vendors, local and global, and purchase order management.

Assistant to the Head of Development

Hed Mayner | Sep 2021 - Feb 2022

I was responsible for creating technical drawings, packages, and notes for development and production. I worked closely with the development team to ensure that projects were completed on time and to the highest standards. My main experience at Hed Mayner is in outerwear, tailoring and denim pieces.

Intern

Maskit | Oct 2020 - Jun 2021

Assistant Designer - Menswear, Knitwear & Jersey

Louis Vuitton | Sep 2023 - Mar 2024

As an integral part of the design process, I navigated from references and inspiration research to translating conceptual ideas into visually appealing designs, creating detailed technical sketches, and actively participating in fittings. Proficient in Illustrator and Photoshop, I created intricate artworks and layouts. I showed strong task and time management skills, efficiently handling multiple collections simultaneously.

Education & Training

2017 - 2021

Shenkar - Engineering. Design. Art.

BA, fashion design, Fashion/Apparel Design
