About

Product designer for 25 years including 20 years in the fashion industry. As an accessories, bags and footwear expert, I worked as a designer and design manager in leading international companies. I handle the complete design process from A to Z including development and photo shoots. I created my own design and photo company in 2013 to work on diverse projects like ZILLI, LUNDI Paris, ASHOKA Paris, Odlo, Pataugas... Bilingual english french, I manage the development trips to Asia and Europe. At last, I'm teaching, one month a year, fashion design for accessories in Shanghai Jian Qiao university (Intermak : International College of arts and design).
