About

I am a London-based multidisciplinary visual artist, who studied BA in architecture at Central Saint Martins whilst also working as an Art Director for the Italian sports-wear brand Sergio Tacchini. I have since gone on to work for Italian fashion house Fendi as their in-house filmmaker and photographer in Rome, exceeding from an intern position to a contracted employee shooting some of their most important campaigns within a year. Since becoming freelance in 2020, I have continued to collaborate with some of the world's top and relevant brands such as Dior, Montblanc, Zara, Pleasings and Fila.

I completed my MA in Fine Art at Central Saint Martins in July 2022. My fine art practice utilises experimental film, sound, drawing, and installation, and my work has been featured in international film festivals in Paris, New York, LA, and London. I also showcased my debut installation at the Copeland Gallery in February 2022 as part of the group show 'The Will To Form'. For me, my fine art passion and eye for detail heavily influences my creativity and output in fashion, film and photography.
