About

Product designer with 2 years of experiences in the field of luxury and lifestyle. From a background that combines technical and artistic, I know how to put innovation at the service of creativity to build design that aligns with the brand's aesthetic and values, and appeals to the brand's target market.

BRANDS WORKED WITH

JUNGLE SPIRIT

KLD Design

Lemus ApS

Les entrepreneuriales

Microturbo

Quiksilver

Saint Laurent

Sol et Cité

Experience

Freelance Product Lifestyle Designer

Saint Laurent | Sep 2021 - Now

Provide multiple design solutions based on the creative directions (re-searches, moodboards, trend forecasting, benchmark) Create visuals: 2D (Photoshop) and 3D (Rhino) Carry out 1:1 scale technical drawing Collaborate with Collection Merchandisers to design products within specific pricing and market segment goals. Follow up prototyping with Development Team

Product Designer Assistant Studio

Saint Laurent | Mar 2021 - Aug 2021

Designer produit

| Jan 2020 - Mar 2021

Solid understanding of the clients' needs In charge of all phases of the project from brief to renderings and technical documents Ensure commercial viability of concepts and products

Product designer / industrial designer

Lemus ApS | Apr 2019 - Aug 2019

Design of new products for the current range and creation of a new range. Reponsible for different stages of creation. Create and present innovative proposals of product design including technical documents, last making, materials, color, etc. 3D rendering for future investors and blueprints for manufacturing.

Membre

Les entrepreneuriales | Nov 2017 - Mar 2018

Projet extérieur parallèle aux cours, présenté aux Entrepreneuriales (simulation de création de start-up). Logement d'urgence pouvant accueillir jusqu'à 6 réfugiés créé à partir de conteneurs maritimes usagés facile à mettre en place et à déplacer, éco-responsable dans sa construction comme dans son utilisation et autosuffisant. Travail de groupe de 5 personnes d'origines d'études différente. J'ai été chargé du choix des matériaux et de l'isolation ainsi que du design.

Stage étudiant

JUNGLE SPIRIT | Jun 2017 - Jun 2017

- **Designer Produit**

KLD Design | Jan 2016 - Jan 2016

Création et conception en modélisation 3D d'une cafetière reprenant les codes du nautisme.

- **CDD Contrat étudiant**

Quiksilver | Nov 2015 - Jan 2016

Mission principalement portée sur la vente mais comprenant également de l'encaissement, le réassort ainsi que du bref merchandising. J'ai travaillé durant des périodes telles que Noël et les soldes.

- **Stage fin de cursus**

Microturbo | Apr 2015 - Jun 2015

Conception d'un banc d'essais pour tester des cages à roulements et des jauges de contraintes provenant de turbines à gaz. Utilisation du logiciel Catia.

- **Stage**

Sol et Cité | Jul 2010 - Jul 2010

travail d'aménagement et de modification d'éléments sur le logiciel Google SketchUp et travail d'urbanisme.
