About

I am detail-oriented and passionate about providing excellent service in dynamic retail environments. With experience in customer interaction, safeguarding, and teamwork, I adapt quickly to various tasks and schedules. Fluent in English with basic Hindi and Bengali skills.

BRANDS WORKED WITH

King's Summer Programmes

Neon Education Ltd

Peerless Hospital & B K Roy Research Center

Soho Road Health Centre

Allied Healthcare

White Hill House Residential Care Home

Experience

● Residential Assistant

King's Summer Programmes | Jun 2024 - Now

As a Residential Assistant for a Pre-University Summer School programme, my role encompasses safeguarding and supervision. I adhere strictly to health, safety, and safeguarding policies, ensuring the well-being of students at all times. Living on-site, I oversee daily check-ins and registrations, lead social activities, and support the Residential Welfare Lead in monitoring student behavior. I maintain a visible presence during evenings, maintain regular communication with students during free time, and work on-call shifts overnight to patrol accommodations and address any issues promptly. My focus is on creating a safe, supportive, and enriching environment for all students involved.

● Co-Founder

Neon Education Ltd | Dec 2022 - Now

AI and analytics hold immense potential to transform the education and training sectors, but addressing challenges and ensuring responsible adoption are crucial for maximising their impact. Co-founded Neon Edu/Neon AI, which is a data-driven ed-tech platform that adds value to different stakeholders in schools (students, parents, teachers, heads/principals, trustees) and can be used to train in corporations/SME (employees, supervisors, top management, shareholders).

- Real-time insights into student progress and the teacher's impact
- Measure the effectiveness of teaching methods.
- Personalised learning based on data to improve academic performance
- Budgets utilised for education and training effectiveness (impact measurements) like the NTP (National tutoring programme)
- A single source of truth for effective decision-making; connecting the entire ecosystem of apps and data available

● Intern

Peerless Hospital & B K Roy Research Center | Aug 2022 - Aug 2022

Shadowing multiple specialities across the hospital, including inpatient/outpatient, wards, general surgery, cardiology, A&E and ophthalmology. I assisted in the reception with some forms of paperwork, aided patients in the wards with their daily walks and helped with language interpretation.

● Intern

Soho Road Health Centre | Jan 2022 - Jan 2022

Observed patient appointments with their Doctors and GPs, helped register new patients to the Centre, learnt how to send prescriptions to pharmacies, fill referral forms, do read coding and updating patient information onto central databases. I also assisted as a Bengali/ Hindi interpreter, as the community around the centre was largely South Asian, with most patients requiring interpreter assistance. Working there helps me understand how various sections of the NHS communicate to provide

care, and the challenges faced by GPs in areas where a large population is ageing.

- **Intern**

Allied Healthcare | Jan 2021 - Jan 2021

Work Experience in dealing with real medical situations, including Paramedic assistance, First Aid, Speech Therapy, Pregnancy Check-ups, and rehabilitation. It gave me a valuable understanding of how many different medical professionals are involved in the recuperation of a patient

- **Intern**

White Hill House Residential Care Home | Jan 2020 - Jan 2020

Working with assigned Care Home Manager to gain insight into the Healthcare processes, the day-to-day operations of a care home, Emergency dealing and the psychological state of elderly residents and their physical and mental health. Developed knowledge on medication administration, Covid- vaccination checks, diagnostics tests & results, and Meal-Diet plans.

Education & Training

2023 - 2028

- **KING'S COLLEGE LONDON**

Bachelor of medical bachelor of surgery,

2019 - 2021

- **Beaconsfield High School (UK)**

GCSE,
