## About

I am an enthusiastic person gifted with many skills and knowledge. My interpersonal and communication skills are very impeccable. I have grown to love relationships as the essence of life is predicated on this. I do appreciate and respect everyone regardless of race, gender or religious orientation. As a young lady aspiring to impact my world and generation, I have learnt to be amenable to advice and to undertake training courses to develop my career and future ambitions. I believe that I could be a great asset to any retail team. I have a strong work ethic and am always willing to go above and beyond to help customers and ensure that the store is running smoothly. I am a quick learner and am able to adapt to new situations easily. I am also a great communicator and am able to work well with others to achieve common goals. I have a passion for retail and am always looking for ways to improve the customer experience and increase sales. I am also highly organised and able to manage multiple tasks simultaneously while maintaining a positive attitude. Additionally, I am comfortable working in fast-paced and high-pressure environments, which has helped me to develop a strong work ethic and a sense of urgency when dealing with customer needs. I am very confident of my own ingenuity and ability to add value and beauty to your enterprise if I gain employment in your department.
