### About

With a background as an Assistant Manager in a busy restaurant, I've developed strong customer service and sales skills, regularly surpassing weekly targets. My adaptability, proactive approach, and experience in various retail responsibilities equip me well for dynamic temporary retail roles.

### Experience

- **ASSISTANT MANAGER**

merhaba | Jan 2022 - Dec 2022

As this is a family business restaurant, there were many times where I had to take leadership and manage around the restaurant. Taking leadership helped me to gain confidence as I had to deal with customer service making sure to leave my customers satisfied. I also motivated my co workers to push harder so we could achieve the weekly sales targets. Alongside with achieving the weekly targets, I was able to build and maintain working relationships. My role included customer service, taking orders, attending phone calls, and managing the till.

- **ASSISTANT ESTATE AGENTS ROLE**

CHETTS estate agency | Jan 2019 - Aug 2019

I gained core skills working alongside experienced Agents such as learning how to give service to clients through good communication. My role included filing, answering queries, dealing with clients and cyber security. Working at an Estate Agency also taught me how to maintain working relationships with co-workers.

### Education & Training

2022

- **Middlesex University**

LLB,
