## About

I am a positive and diligent individual, who always strives to achieve the highest standards at any given task. With excellent communication skills, I have the ability and experience to relate to a wide range of people. I enjoy learning new things and work well can under pressure. With over a decade of customer service experience in fashion and customer service, I am confident at handling customer complaints, solving problematic situations and identifying new opportunities by nurturing and understanding a customers needs and fashion trends. As an experienced designer, I feel I have all the necessary skills, attitude and enthusiasm to take on the challenges that come with roles of this nature.
