About

Experienced multidisciplinary designer skilled in architecture, interior design, graphic design, and fashion. My work centers around crafting spatial experiences that beautifully narrate conceptual ideas. With a track record of leading teams I consistently deliver high - quality designs that align with the company's vision, all within tight deadlines. Let me bring my passion for storytelling through design to elevate your projects to new heights

BRANDS WORKED WITH

- CBRE
- DC Housing Authority
- Eluvial Enterprise Inc
- Floor & Decor

Experience

● Associate Project Manager

CBRE | Sep 2022 - Now

Collaborating with the Sr. project manager, my role support cross-functional teams in planning, budgeting, scheduling, and procurement activities. With strong organizational skills enable effective communication and seamless coordination, ensuring successful projects meet clients' expectations while upholding company standards.

● Material and Design Coordinator

Eluvial Enterprise Inc | Oct 2021 - Sep 2022

Manages material selection and procurement for design projects, focusing on aesthetics and functionality. Collaborates with suppliers to ensure timely delivery, research emerging materials and trends, and supports creative decision-making. Passionate for innovative design solutions.

● Project Manager & Research Assistant

DC Housing Authority | Aug 2021 - Jan 2023

Contributed to the development of new affordable housing guidelines in Washington, D.C. by conducting extensive research, analyzing housing affordability data, and formulating innovative policy recommendations. Collaborating with experts, community stakeholders, and government agencies to create sustainable and inclusive housing solutions for the city's residents.

● Interior Design Intern

Floor & Decor | Jun 2021 - Aug 2021

Utilizing my expertise in interior design and product knowledge to provide exceptional customer service. Collaborating with clients to understand their design needs and preferences, offering personalized solutions, and guiding them through the selection process. Creating beautiful and functional spaces by recommending the best flooring and decor options from an extensive product range.

Education & Training

2018 - 2023

● Howard University

Master of Architecture - MArch,
