assistant

NHS Covid vaccination | Jul 2021 - Sep 2021

I assisted with the covid vaccination to speed up the vaccination process efficiently. Responsibilities: Helping during rush hours so that more people could be vaccinated in an orderly manner in a shorter period. Sorting out the delivery packets of jabs in the morning and separating them according to different brands such as AstraZeneca, Pfizer, Moderna, etc. Input details of the patients including their NHS numbers, contact and personal information.
