## About

I thrive in dynamic retail settings, bringing luxury fashion modelling and customer service expertise. My attention to detail and adaptability ensure exceptional shopping experiences across various tasks and schedules.

## Experience

- **Voice Over Artist**

| Oct 2023 - Now

- **Waiter**

Kanzzi Sushi & Grill | Jul 2023 - Dec 2023

Proficiently prepared the restaurant for daily service, methodically cleaning the establishment and arranging the alfresco decor to create an inviting ambiance.

Greeted customers warmly and facilitated their seating, effectively managing large groups and ensuring the smooth flow of orders.

Adeptly taking orders, preparing a diverse array of drinks, as well as performing basic dish and dessert preparation, honed my efficient task coordination abilities to a high level.

Ensuring dishes were served promptly and accurately to their designated tables, with the correct condiments and side dishes, demonstrated meticulous attention to detail and a dedication to delivering exceptional customer service.

Efficiently managing and packaging Deliveroo, Uber Eats, and online takeaway orders, along with seamlessly communicating between the kitchen, delivery drivers, and customers, evidenced capability in handling various service channels simultaneously.

Demonstrated a reliable commitment to cleanliness and organisation by regularly attending to tasks including table setting, dish clearance, bar maintenance and taking payments. This ensured a pristine and cohesive environment throughout service hours.

- **Fashion Model**

| Jan 2023 - Now

I currently work freelance as a fashion model and have quickly worked for luxury clients such as Dsquared2, MrPorter and Charles Jeffrey Loverboy.

## Education & Training
